1. [ ] Called Mike Krepon, in the office of Representative Floyd V. Hicks (D., Wash.), after learning from [ ] OSI, that he will not be able to give the briefing on Monday, 24 March. I asked Krepon if he could reschedule the briefing for another date and he said he would check with the Representative's calendar and let us know. I told Krepon if this was not possible, we would make every effort to find another briefer, however, it appeared that [ ] was the most qualified in this subject matter.

2. [ ] Jim Kronfeld, Counsel, Subcommittee on Government Information and Individual Rights, House Government Operations Committee, called and inquired as to how we were doing on our exemption for intelligence sources and methods and the Privacy and Freedom of Information Acts. I told him that a first cut was still being reviewed. He asked that I meet with him Friday to discuss in general the Agency's approach. I told him I would try to have a first draft for him at that time.

3. [ ] Spoke with Mrs. Ricki Starrels, in the office of Representative Bill Archer (R., Texas), to finalize arrangements for the briefing of a number of high school students of the Representative's to be given by [ ] OTR, in the auditorium at 5:00 p.m. today. Both the Office of Security and [ ] OTR, have been advised of the final arrangements.

4. [ ] Received a call from [ ] Office of Security Duty Officer, who was in receipt of two telephone calls from Representative Gene Taylor's (R., Mo.) office regarding the possibility of private tours for a number of the Representative's constituents of the Agency. [ ] said he was polite in both instances and said the Agency did not conduct tours and if they had any further questions to call either Mr. Angus Thuermer or the Legislative Liaison office.
